'round the Walking Track

Parks and Recreation announces Cycling Group. HPR is pleased to announce that the **Higginsville Cycling Group** is now under the parks system. This group meets regularly during the riding season for rides and community service projects. The group is led by Mr. Galen Tuley. Cyclists from Higginsville and the area are encouraged to come check out what it's all about. More information will be coming soon on the park website. The group has already made an impact this year by helping out with a project that was brought before Parks and Rec. and then assigned to be under the direction of the water department. That project is the **City Lake Trail Project**. A walking trail through wooded areas at the lake for hiking, strolling, and getting outdoors. Stay tuned for more information on that as well. Message from the group facebook page: *"Higginsville Cycling is excited to join with our local parks and recreation department. Higginsville Cycling was founded in 2019, established for those excited about cycling. Cyclists meet each Tuesday evening at the Rotary Pavilion in Fairground Park (weather permitting) to participate in a weekly group ride. Group rides average 10 miles in length at an average pace of 12-15mph. These rides typically take an hour to complete the designated route. Group rides and events are posted and updated weekly on the Higginsville Cycling Facebook page. All are welcome to join as we look forward to kicking off our 2023 season starting this April. Our group also strives to serve the community through various outreach efforts such as; youth bike giveaways, charitable donations, and community service. We hope you consider joining us for a bike ride around the community and look forward to riding with you in 2023!" - Higginsville Cycling Club & HPR"*

(New Logo)

This will be our main logo, it is designed for a sleeker and more stylized look, for screen printing and embroidered branding. The current mast head/watermark design will still be used on formal items and where appropriate.

Blast from the Past:

March 30, 1988

New Signs

David Johnson, left, and Bob Stephenson, put the finishing touches on the new Fairground Park signs which were installed last week.

Watch for a big announcement on a new park feature coming soon!
